A GOOD MEETING

Was the Pittsfield Session of the Farmers' Institute.

For The Enterprise.

The Lorain County Farmers' Institute Association met in Pittsfield, November 27 and 28. There was a good attendance at all the sessions. There was good speaking, good music and the ladies of the two churches furnished good dinners both days; in fact it was all good, and everybody enjoyed the program from start to finish.

The ladies session was held Monday afternoon with Mrs. Melvina West in the chair. The papers discussed were excellent, the first was by Mrs. E. R. Durfee. The discussion, led by Mrs. E. Campbell on the culture of olive plants, brought out some good points about the training of children, and the example of parents in regard to the use of alcohol and tobacco. We hope that some will profit by it.

The evening session was very interesting. The two state lecturers, Messrs. Rondebush and Freeman, and Prof. Root, of Oberlin each gave a very interesting lecture interspersed with music by Rev. Baker and Prof. Harding.

Tuesday afternoon S. Reesby gave a talk on the school laws of Ohio, which was discussed by A. S. Reed and Secretary Baker. Rev. J. P. Reidinger closed the program with an excellent talk on temperance instruction in the public schools, after which the following resolutions were adopted by a unanimous rising vote:

Whereas, it has been alleged that gambling, games of chance, immoral shows and other degrading exhibitions have been tolerated within the Lorain County fair grounds during the fair of past years, which are a menace to the morality and welfare of our children and detrimental to the public morals, therefore be it

Resolved, that we, the farmers and citizens of Pittsfield township and vicinity in attendance at the Lorain County Farmers' Institute at Pittsfield, this 29th day of November, petition the Lorain County Agricultural society, that all forms of gambling, games of chance and all immoral exhibitions be debarred from the grounds of the society during future fairs, and that a copy of this resolution be sent to the secretary of the Lorain County Agricultural Society by the secretary of this institute.

The exhibition given by District No. 2 was a complete success, the play and tableaux being especially fine. Much praise is due the teacher and scholars for the creditable manner in which everything was conducted. The school now owns a beautiful dictionary and globe, bought with the proceeds.

OLD SPORTS WON.

Indoor Baseball Furnished Lots of Excitement Thanksgiving Day.

Full of sensational plays and amusing incidents and situations the game of indoor baseball at K. of P. hall Thanksgiving morning never dragged or became insipid for a single moment. Quite a crowd of spectators, among them a number of ladies, witnessed the game. It is probable that another game will be played here Christmas day. The score by innings follows:

Lived Here Formerly.

Albert H. Johnson of Oberlin, who was killed in a railroad accident Monday near Denver, Col., was at one time a resident of Wellington. About 35 years ago he was employed as chandler by the old Baldwin, Landou Co. Moving to Oberlin, he finally became president of the Citizens National bank, retaining that position until his death. Mr. Johnson made a good deal of his money in the South. After the war he bought up a defunct railroad down there which eventually netted him a fortune. His son, who was probably fatally injured in the same accident, was formerly interested in Missouri zinc lands.
